Objective

Computer Science Engineering student specializing in **Full-Stack Development**, **Backend Engineering**, **Blockchain/Web3**, and **Machine Learning**, seeking a full-time software engineering role to build secure, scalable, production-grade systems.

Internships and Professional Trainings

TNS India Foundation – (Accenture CSR)

Bengaluru
Jul 2026 – Present

Skill Training Program (Ongoing)

- Undergoing structured **technical and professional skill training** in software engineering best practices under this Accenture CSR initiative.

Digiscrypt Technologies

India
Apr 2026 – Jul 2026

Backend Engineering Intern

- Engineered and tested server-side features within live, **production-grade repositories** as part of core **backend engineering** initiatives.
- Collaborated with the engineering team to build **reliable, secure backend systems**; recognized for **ownership** and strong performance.

Education

Shridevi Institute of Engineering and Technology, Tumkur

Bachelor of Engineering – Computer Science Engineering

Karnataka
2023 – 2027
CGPA: Ongoing

Key Projects

- **Fake News Detector** | *Python, ML* – Text-classification model to detect misinformation; **1st Place**, 2024.
- **Nano Banana Enhancer** | *Python, GenAI* – AI-based image enhancement platform; **1st Place**, 2025.
- **BLOCKELECT** | *Solidity, Ethereum, Web3* – [GitHub](#) – Decentralized e-voting via **smart contracts**.

Achievements & Certifications

- **1st Place**, College Project Exhibition – 2024 & 2025; Active Member, **Creative Codex** (workshops for 50+ students).
- **Blockchain Technology** – ExcelR | **Python** – Infosys Springboard | **DBMS & Computer Networks** – NPTEL

Technical Skills

Programming Languages: C, Python, JavaScript, Solidity

Web Technologies: HTML, CSS, JavaScript, Python-Flask, Spring Boot, REST APIs

Blockchain & Web3: Ethereum, Arbitrum, Hardhat, Ganache, Truffle, Web3.js, Smart Contracts

Packages & Operating Environment: Git, GitHub, VS Code, Ubuntu, Windows, Google Colab

Additional Information

- **Fields of Interest:** Full-Stack Development, Blockchain/Web3, Machine Learning, GenAI, Data Science, Photography
- **Languages Known:** Kannada, English | **Hobbies:** Fitness Training, Music
